Middletown High School North Hall of Fame Induction Ceremony

Middletown High School North Hall of Fame

Originally established in 1990, the Middletown High School North Lions Hall of Fame was organized as a way of maintaining the rich heritage and tradition of the successful athletic programs at Middletown High School North, Middletown Township High School and Leonardo High School.

The Middletown High School North Hall of Fame has continued to focus on preserving the great accomplishments of our student athletes, while also celebrating the new traditions that are being established by the current Middletown North Lions.

In addition, it will serve as a means of recognizing, preserving, and honoring the athletes, teams, coaches, and individuals who have made significant contributions to the athletic programs and their school overall.
